January 2020

X9D On-Car Brake Lathe Package

Model No. PCIX9DC3ADPH

THE NEW PFM X9D brings a bundle of Pro-Cut exclusive advanced technology to the job. With simple user facing controls, sophisticated job tracking, maintenance alert system, and a smoother running, variable speed DC drive-train, the X9D will return years of continuous brake service profits for your shop!

Features:

- **VARIABLE SPEED** to tackle modern vehicle platforms with all-wheel drive with ease
- **ADVANCED 2.0 ELECTRONICS PLATFORM** with ROI tracking, maintenance alerts, and full compatibility with our latest digital upgrades: G2X and GYR
- **PERFORMANCE PLUS CUTTING HEAD** with robust T-nut locking system, 92 mm tool arms for larger performance rotors, and click-n-lock depth knobs for accuracy
- **FASTER COMPENSATION** and better accuracy with times averaging less than 15 seconds and lateral run-out under .001"
- **DC MOTOR** delivers smooth, clean, and consistent power for a factory approved finish every time
- **SUPER BRIGHT WORK LIGHT** with 6 LEDs mounted where you need it for safe, efficient operation
- **UNMATCHED 2 YEAR WARRANTY** allows you to machine rotors day in and day out with peace of mind that goes well beyond achieving your ROI!
- **AWARD WINNING SERVICE TEAM** includes live tech assistance and trained and stocked professional local reps to keep you up and running

\$12,313.00
