PACKAGE

B17 MOBILE COMBINATION BRAKE LATHE.....*Shown W/ Optional Bomber Package

Switching from resurfacing brake discs to drums takes merely seconds with the new Quick-Pivot cutting head. Feed direction is automatically changed as you spin and lock down the head. The power plant of the B17 is a quiet DC motor which provides smooth operation across a wide range of discs & drums. The B17 is equipped with our most advanced electronics package which tracks the number of rotors and drums machined, and provides customizable maintenance alerts. All of that and it's mounted on a heavy duty mobile tool cabinet to safely store all your necessary adapters and accessories. You just can't beat the B17's quality, precision and innovation.

THE "BOMBER" PACKAGE UPGRADE INCLUDES
